Sellam

The Sellam Circus School was founded upon the reputation of Sellam El Ouahabi, who brings four decades of experience as a touring circus artist and coach to his practice. Sellam was born in Tangier, Morocco, and accepted his first performance contract when he was just 13 years old. Raised in the circus world, Sellam spent over 30 years performing with more than 20 different circuses around the globe, before transitioning to full-time coaching and establishing his own school.

Today, Sellam combines the best in traditional and contemporary coaching styles to bring you technique that has been road-tested to perfection. He specializes in building profound strength and deep flexibility in his students, focusing on what he calls 'natural exercise' to rapidly tone the core and build coordination.

Location

The Sellam Circus School is rapidly becoming known as a top destination for advanced circus training in New England. Set inside the historic Pepperell Mill Campus, The Sellam Circus School enjoys connection to the vibrant arts and culinary scene that is central to the revitalization of Biddeford, Maine. This fascinating mill town is located in close proximity to Portland, providing another layer of access to local arts and educational organizations, and of course – more great food and night life. Students at The Sellam Circus School get the best of both worlds: Quiet, focused training space with expert coaching; affordable living possibilities within a lively downtown neighborhood; and easy access to the delights and advantages of adjacent 'big cities' - Portland and Boston.

Approach

The Sellam Circus School's Professional Circus Arts Training (PCAT) Prep program is designed for dedicated students 18 years old and over who are seeking to push their circus arts skills to a higher level. (*Exceptions to age requirement may be considered, based on skill level and training goals.)

Group session classes are offered from 9:00 am to 12:00 pm, Monday through Friday; group weekend classes may be scheduled as needed. (The daily schedule is subject to change, based upon the needs of the student group.) Students are also expected to train independently on a daily basis, and in accordance with their individualized training plan. Re-evaluation of skills and progress happens on a semester basis; re-application to the program is required each year.

Full-time PCAT Prep participants may perform in The Sellam Circus School's yearly student showcase, and may also enjoy regular opportunities to participate in outside performances and gigs.

Our PCAT Prep program is designed to build a foundation of core strength and agility, deep flexibility, and heightened stamina, while working closely with Sellam to further skills in a discipline - or more than one discipline - of choice.

COVID-19 Policy

The Sellam Circus School carefully monitors COVID-19 transmission rates in the State of Maine, as well as CDC guidelines and Maine regulations for safe operation.

Because of the nature of our programs, which require long hours inside a closed studio space, as well as times of close contact and/or spotting, we maintain increased vigilance. Our safety protocol may change at any time, as we adapt to developments in the COVID-19 pandemic. At this time, we require all students enrolled in our PCAT Prep Program to be **fully vaccinated**. In addition, we are taking these further precautions to ensure the safest training environment for our community:

- Upon arrival to studio, students must sanitize hands and any equipment they have brought for practice.
- Masks must be worn at all times in the studio (except when eating/drinking.)
- Students must provide weekly negative COVID-19 PCR tests.
- 10 feet of social distance must be observed between students at all times, unless a coach has approved partner training.
- Students may be asked to modify their masks if it does not meet requirements (close fitting, over the nose and mouth.) Your mask must not fall off during training. You may be asked to leave if mask requirements are not observed.
